City of McKinney News Release FOR IMMEDIATE RELEASE

Moss Construction relocates regional office to McKinney

Construction management firm to bring 35 new jobs in the next three years

Editor's note: B-roll footage from the ribbon cutting ceremony can be downloaded [here](#).

McKINNEY, Texas (April 4, 2018) – The McKinney Economic Development Corporation (MEDC) joined national construction management firm Moss Construction for a ribbon-cutting ceremony today to celebrate the relocation of its regional Texas office to 10,500 square feet of office space at the newly constructed 2 Greenside office building in Craig Ranch. Moss plans to bring up to 35 new jobs to McKinney within the next three years.

“When we decided to relocate our national platform from El Paso, we considered several locations. The Dallas-Fort Worth area offered the ideal combination of favorable, growing market conditions, affordability and strategic location with direct flights across the U.S. Having completed several successful projects in the area, we were familiar with McKinney and believed the Moss culture aligned well with this dynamic community and its talented workforce,” said President Scott Moss.

“We are excited to welcome Moss to McKinney as they bring high-quality jobs to our community. We look forward to seeing their future growth and success in McKinney,” said MEDC Board Chairman Jason Burress.

###

About McKinney

McKinney, Texas, is unique by nature. The city is #1 on the list of Best Places to Live in America, published by *Money Magazine*. McKinney has a current population of 180,000. Established in 1848, the city is located 30 miles north of Dallas and is the county seat of Collin County. McKinney offers award-winning schools, a vibrant historic downtown, diverse housing options, a robust economy and a uniquely beautiful natural setting, with rolling hills and lush trees. Visit the city's website at www.mckinneytexas.org.

About Moss

Moss (www.mosscm.com) is a national privately held construction firm providing innovative solutions resulting in award-winning projects. With regional offices across the United States, Moss focuses on construction management at-risk, design-build and public-private partnerships.
