FOR IMMEDIATE RELEASE

McKinney National Airport opens 40,000 sq. ft. hangar

Hangar is the largest at the airport

McKINNEY, Texas (May 2, 2019) – The McKinney National Airport has completed construction on a new 40,000-square-foot hangar, by far the largest hangar at the airport, as part of a public-private partnership with Western LLC.

The hangar will store up to four Gulfstream G-550 aircraft, have office spaces ready for tenant finish out and eight fully-enclosed garage spaces for car storage.

“Everything you can measure at the airport is trending up, from operations to fuel sales. This public-private partnership with Western LLC allowed the city to capitalize on their expertise and reputation as a well-respected developer in the aviation industry while helping us meet the demands of new businesses pouring into Collin County and the larger Dallas area,” said Airport Director Ken Carley.

“The McKinney National Airport and McKinney Air Center have been receiving national recognition for many years and we are thrilled to be part of their development as they move to bring their facilities on par with their reputation for world-class service,” said Brad Henderson, President and Managing Member of Western LLC.

About McKinney

McKinney, Texas, is unique by nature. As one of the fastest growing cities in America, McKinney has a current population of nearly 190,000 and serves as the county seat for Collin County. McKinney offers award-winning schools, a vibrant historic downtown and cultural district, diverse housing options, a trendy culinary scene, and a uniquely beautiful natural setting with rolling hills and lush trees. The city is home to the top-rated McKinney National Airport and serves as the headquarters to many Fortune 500 companies and a burgeoning set of cutting-edge technology companies. McKinney offers the perfect mix for successful business development: a highly educated workforce, availability of land for expansion, convenient location to the DFW area and a nationally-acclaimed quality of life.
